

FOR IMMEDIATE RELEASE: September 15, 2011

THE MOST ADDICTIVE MATH GAME

Are you looking for a smart and fun game? Look no further!

Blue Orange Games introduces Sumoku, the unique crossword-style game with numbers. Perfect for sharpening mental math and problem-solving skills, Sumoku is proof that learning is fun!

Players will roll the numbered die and arrange the numbered tiles in rows or columns that add up to multiples of the number shown on the die. Things can get a little more challenging as a row or column may not contain duplicate colors.

Sumoku enforces addition and multiplication abilities as well as number and color recognition. This game is a great learning tool that you will want to play again and again.

Whether you are looking for a challenging and educational activity, fast action with friends, or an addictive game that brings family together, Sumoku has it all!

At \$15.99 and packaged in a brightly colored small pouch, Sumoku includes 5 great games and is filled with endless challenges!

Ages: 9 to Adult, 1 to 8 Players, \$15.99

Play Sumoku online at <http://www.blueorangegames.com/sumoku/>
